«A trip to Indonesia»

Author:

Otalieva Albina Seperalievna

Deputy director of Educational

work.

Korolyov County.

2018

Script of the quest «**A trip to Indonesia**»

Activity type: *quest*.

Age limit: *8-9 grade*.

Objective:

- Introduction to the traditional and historic knowledge of Indonesia during extracurricular activity.
- Creation of favourable conditions for fulfilling intellectual and creative capacity of students.

Our mission:

- To increase student's interest in the traditional and historic knowledge of Indonesia and its observation.
- Team building.

The Relevance of methodical development.

Game - is one of the most major child activities. It is a fundamental way for a children to express themselves and improve their skills. While playing kids develop the attention, memory, their imagination. Certain skills and habits are also being elaborated throughout the process. Game itself is a rebuilding of social activity among people, their behavior and ability to make a decision in any circumstances in life. Due to educational and evolving manners, game is commonly used in educational process. Game is much easier way for a child to perceive and memorise an information.

By playing, students learn how to accept succeeding and loss, sympathize with other kids and help the ones I need. Such kind of event builds up a team and gives a feeling of emotional comfort and keenness.

There are 2-3 teams, 6-10 participants in each. Each team has to pass through 6 game levels. Game is held in the school building.. You can use internet for Information searching.

Time: *60 minutes*.

Resources: *PC with Internet*.

The Game.
